From the 3/4/2020 and 3/25/2020 meetings
Motion to Approve ENGL 1007 as Prerequisite for All W Courses

Background: The General Education Oversight Committee has determined that students who take the newly-approved First-Year Writing (FYW) course ENGL 1007 will be prepared for W classes. ENGL 1007 is expected to eventually replace current FYW courses ENGL 1010 and ENGL 1011. The Honors Program will use ENGL 1007 in the future as a replacement for ENGL 2011.

Motion: The prerequisite list for all W classes shall be amended with the addition of new FYW courses as indicated by underline:

ENGL 1007 or ENGL 1010 or 1011 or 2011.

C. Minimum Requirements for Undergraduate Degrees

1. Requirements in General

g. Additional Majors
A student may concurrently complete majors in one or more school or college. To do so, a student must meet all degree requirements for both majors as stipulated by the relevant schools and colleges. One major must be designated as the primary major. If the majors normally result in different degrees (e.g., Bachelor of Arts vs. Bachelor of Science), the primary major will determine the single degree awarded.

h. Additional Degree

A student may earn an additional baccalaureate degree either concurrently or after receiving another baccalaureate degree. To do so, all requirements for each degree must be met and at least 30 credits more than the highest minimum requirement of any of the degrees must be presented for each additional degree. One degree must be designated as the primary degree if the degrees are being pursued concurrently. At least 30 of the additional credits must be 2000-level, or above, courses in the additional degree major or closely related fields and must be completed with at least a 2.0 grade point average. The requirement of 30 additional credits is waived for students who complete the requirements of both a teacher preparation degree in the Neag School of Education and a bachelor’s degree in another school or college.

The total grade point average of students who are applicants for a second degree is based on all credits and grade points accumulated in fulfilling requirements for both degrees.
