Senate Executive Committee
Report the University Senate
Del Siegle, SEC Chair
December 6, 2021

• Since last Senate meeting, the SEC has met:
  o With chairs to set agenda
  o With the Senate reps to Board of Trustee Committees
  o With senior leadership
  o Privately in separate meetings with Provost Lejuez and President Agwunobi
  o The chair met with chairs of C&C, Faculty Standards, JEDI, and GEOC about forming a subcommittee to address undergrad request for a mandated Anti Black Racism Course (ABR)

• In response discussion at the last Senate meeting, shared general overview of those meetings

• Senate Chairs Meeting
  o Set agenda for this meeting
    • Vote on bylaw change regarding minimum admission requirements
    • Resolution concerning enrollment caps
    • Report from Project Wellness Task Force
  o Shared issues each committee is addressing
  o Expressed concern about the tenor of the contract negotiations and no raises
    ▪ Not the role of the Senate to be involved in negotiations
    ▪ Leadership felt President Aguinobi and Chairman Tascano should to be informed of faculty and staff concerns
    ▪ Senate leadership drafted and sent the President and Chairman a letter expressing those concerns
    ▪ President Aguinobi responded to letter and indicated he would discuss the issues with the Chairman

• President Agwunobi Meeting
  o Private meeting with President Agwunobi discussed the faculty and staff concerns expressed in the letter
  o Positive conversation

• Provost Lejuez Meeting
  o Discussed the mandated annual TAFS meeting
  o Will occur each semester – first will occur December 14

• Senate Reps to BOT Meeting
  o Shared challenges Senate reps face in being full participants on BOT Committees
SEC previously shared concerns with Chairman Dan Tascano and Vice-Chair Andrea Dennis-Levine
SEC will improve the onboarding process in addition to opening selection process (mentioned two meetings ago)

- Update on Senate meeting minutes
  - Attach to agenda, November minutes reflect new format
  - Thanked Christine North for capturing the spirit and content of Senate discussions

- Next full Senate meeting February 7 – SEC and Senate will continue meeting remotely
- Thanked Senator McCutchen for service as chairing Enrollment Committee... Welcomed Senator Little as the incoming chair
- Thanked Senator Fitch and Senator Colter for chairing Scholastic Standards in the absence of Senator Bedore, who was on sabbatical
- Thanked Senator Burton and Senator Bird serving SEC during Senator Bedore and Senator Nanclares’ sabbaticals
- Wished everyone a great holiday break

III. The Senate Curricula and Courses Committee Chair approved the following Special Topics course for one offering:
A. UNIV 1995 Special Topics: Honors Human Flourishing (#9144)

IV. The University Interdisciplinary Courses Committee and the Senate Curricula and Courses Committee Chair approved the following Variable Topics ‘pop-up’ course offering:
A. UNIV 3088 Variable Topics: Confronting Anti-Asian Racism (#8144)
V. Proposal to Revise W Criteria

A. Justification:

The current W guidelines do not specify formatting guidelines for the 15-page minimum. As such, it would be permissible to have larger fonts or larger margins. A word count is more precise and universal. We therefore propose a change to clarify the 15 page minimum by adding the specifications of a word count (calculated as 300 words per page on average). This clarification of a page / word count moves away from an essay centric writing model and allows instructors to include multimodal elements that are not captured in a traditional word count.

B. Current Relevant GEOC Guidelines

Criteria:
Courses (and their equivalents) appropriate for a W designation should:
1. Require that students write a minimum of fifteen pages that have been revised for conceptual clarity and development of ideas, edited for expression, and proofread for grammatical and mechanical correctness;

C. Proposal to Senate

We propose to amend the guidelines as such (see underlined text):

Require that students write a minimum of either fifteen pages or a minimum of 4500 words, excluding references/works cited, that have been revised for conceptual clarity and development of ideas, edited for expression, and proofread for grammatical and mechanical correctness;

Respectfully Submitted by the 21-22 Senate Curricula and Courses Committee: Suzanne Wilson (Chair), Alana Adams, Mary Ann Amalaradjou, Tom Bontly, Mark Brand, Peter Diplock (ex-officio), Kate Fuller, Marc Hatfield, Dalton Hawie (Student Rep), Matt McKenzie, George Michna, David Ouimette, Sharyn Rusch, Eric Schultz, Steve Stifano, Manuela Wagner (Ex-Officio), Julia Yakovich, Cindy Zhang (Sabbatical Fall ’21), Terra Zuidema (Registrar Alternate)

From the 11/2/21 and 11/16/21 meetings
1. We move the following faculty addition to the named standing committee:
   Lindsay Cummings to the GEOC

2. For the information of the Senate, the Undergraduate Student Government has made the following appointments:
   
   Senate University Budget Committee – Edward Zelikman
   Senate University Planning Committee – Gaston Neville and Luke Villani

Respectfully Submitted,
Dan Burkey, Chair                     Robin Coulter                     Jennifer Dineen
Terri Dominguez                       Betsy McCoach                     Carol Polifroni
Motion to amend the By-Laws, Rules and Regulation of the University Senate II.A.1 Admissions, Minimum Requirements

A. Background:
In some exceptional cases (approximately 10 per year), students are unable to meet the minimum requirements for admission because, for example, they come from a country where records are difficult to obtain, they have an associate’s degree, but not a high school diploma, or similar exceptional circumstances.

Currently, the Senate By-Law states that the Director of Admissions has sole responsibility for decisions related to these exceptions, as noted in Senate By-Law II.A.1, section d.

This issue of sole responsibility was brought to the attention of SSC by the the Director of Admissions. After review of the By-Law and further discussion with the Director of Admissions, SSC voted to revise Senate By-Law II.A.1 – with the changes noted below:

1. Inserted new language in section d, which states that the decision for exceptions lies with the Director of Admissions in consultation with leadership from the Division of Enrollment Planning and Management.
2. Moved language from former section d to section e – remove references to who is responsible for the decision making.
3. Moved former section e to section f.

B. Current Relevant By-Laws
1. Minimum Requirements
Except as specified below, the following are the minimum requirements for admission to the freshman and transfer class in all undergraduate schools and colleges with the exception of the Ratcliffe Hicks School of Agriculture:

   a. Each applicant shall have graduated from AND have completed 16 units (or the equivalent) in an approved secondary school or program.

As a part of the 16 units in the typical U.S. four-year secondary school program, candidates for admission shall present 15 units of college preparatory work. This college preparatory work must include:

- Four units of English (composition and literature)
- Three units of mathematics (one unit of each of the following or their equivalents: algebra I, algebra II, geometry)
• Two units of laboratory science
• Two units of social science or history
• Two units (generally corresponding to two years) of a single foreign language or the equivalent
• Three units of electives (two units must be college preparatory)

Students attending secondary school programs outside of the United States that do not follow the typical US model of secondary education will have their curriculum evaluated within the context of the educational system in which they attend.

b. All applicants for admission to undergraduate degree programs are required to provide official transcripts of their high school grades and relevant test scores, including the College Board SAT or the ACT. English proficiency scores, such as the iBT (Internet Based TOEFL) or IELTS, must be presented by students for whom English is not a first language. All applicants for admissions are holistically reviewed, which includes an applicant’s personal statement/essay, secondary school transcript, test scores, student involvement/activities, letters of recommendation and any other information the student presents as part of the application process. Admission is competitive and based on the applicant’s likelihood of success.

c. Transfer applicants are required to provide official transcripts from all colleges or universities where they have attempted collegiate coursework.

d. Exceptions to the requirements of paragraph II.A.1.a. may be made by the Director of Admissions for individuals in the following categories: (a) applicants who have completed secondary school at least three years prior to the date of matriculation, (b) educationally disadvantaged students, including those from schools with inadequate course offerings, (c) applicants with highly specialized talents or backgrounds appropriate to a particular program of study, or (d) applicants with exceptionally high combined high school standing and test scores. The Director of Admissions may also waive test scores for students who demonstrate maturity and show promise of success.

e. Each applicant may be called upon to provide supplementary information, if it is deemed necessary.

C. Proposal to Senate: Motion
The Scholastic Standards Committee proposes to amend the By-Laws, Rules and Regulation of the University Senate II.A.1 Admissions, Minimum Requirements

1. Minimum Requirements

RESOLUTION
from Senate Scholastic Standards Committee
December 6, 2021

Whereas, Academic units determine class enrollment caps with attention to pedagogy, as well as to facilitate offering course requirements and timely graduation, address varying student interest in courses, recognize fluctuating instructor and teaching assistant availability (e.g., instructor vacancies, faculty sabbaticals, limited teaching assistant lines), accommodate delivery modalities (i.e., in person, online, distance learning, hybrid), and consider classroom availability restrictions (e.g., seat capacity and technology access).

Whereas, Evidence exists that class capacity has been revised by entities other than the academic unit.

Be It Resolved, That Senate reasserts that course registration designations for Class Capacity (aka “enrollment caps”) shall be determined by department heads in consultation with instructors, and where appropriate, the Dean of the College/School (or Dean’s Designee).

Community Wellness

- Integrate health and well being into the mission, values and operations of the university

- Create and implement a marketing campaign to raise awareness of needs and services

- Promote holistic personal development
Mental Health and Continuum of Care Workgroup

- Chart an optimal continuum of care and identify gaps
- Explore how to amplify existing strengths throughout the university
- Explore appropriate community partnerships
- Identify strong collaborations among units across the university
Diversity, Inclusion, Culture and Language Subcommittee

- Recruit and retain a diverse faculty and staff that reflects the student body
- Provide appropriate culturally sensitive mental health and wellness training for faculty and staff
- Conduct regular climate surveys
- Synergize efforts for Storrs, regional, and international students
- Assess efficacy of our programs
- Leverage with affiliated partnerships (centers, affinity groups)
Training and Research Subcommittee

• Provide training programs for graduate advisors and advisees

• Develop graduate student survey to collect feedback on needs and experiences

• Develop community through non-research focused activities and traditions

• Develop transparent practices and timelines

• Develop digital platforms and apps to connect students with resources
Why a Wellness Coalition?

- Community involvement leads to community impact
- Coordinated activities allow us to broaden reach and maximize resources
- Systems-level approaches are more scalable than individual interventions

STUDENT HEALTH AND WELLNESS
Be well. Feel well. Do well.
Regional Campus Task Force
Access to Care & Community Health

Co-Chairs:
• Annemarie Seifert, Avery Point Campus Director
• Suzanne Onorato, Executive Director, Student Health and Wellness

Task Force Charge:
1. Review regional student access to medical care and determine gaps contributing to health inequity and disparity in care.
2. Identify appropriate levels of care.
3. Develop a financial model.
4. Extend the wellness “hub” to the regional campuses.
Regional Campus Task Force Findings

Overall Observations:

1. UConn may be a leader in the field for creating a regional campus approach to comprehensive health care services.
2. Allows for greater continuity of care for students transferring from regional campuses to Storrs.
3. Evaluating the expansion of mental health and wellness services.
4. Evaluating increasing access to medical care and on-site campus clinics.
5. Opportunity to create formal networks with local health services.

Stay tuned for Final Recommendations...
RECOMMENDATIONS:

- On-call residential and mental health teams should work directly with police to determine if a physical response is essential.
- Every effort should be made to de-escalate, protect life safety, and respect that an unnecessary police presence can unintentionally escalate on-call response.
- Police should always be utilized whenever there is an imminent risk of harm to self or others.
